Laura's comments on the BBQ

The notes provided by Connie were indispensable and should be stored for future use. Otherwise everything good except running out of plates but no serious issue.

Thanks again to Laura and Chris for handling the food.

Action item: Between Greg and Denise, shall set up online google docs to store the notes and to create an inventory for all items being held by various board members.

Also an agenda and checklist for the BBQ and Dine and Dash.

Other items:

It was mentioned that having a tarp on hand for the possibility of rain would be helpful.

Though the kids activity was set up, it got forgotten. The kids seemed to have a fun enough time and were happy enough getting a pick from the kids prize box.

Suggestion - kid activity not required.

Issue noted: Getting formal pictures of prize winners problematic. An idea floated is to have an official picture area/photo booth. During pre-award announcements, winners can be asked to move to the area.

Lastly, a discussion about number of prizes. We greatly appreciate all the work Joanne did to gather them. Should we be saving some for future use?

Meeting adjourned at 8:42pm
